

Lattice Operations in the Inscripting Grammar

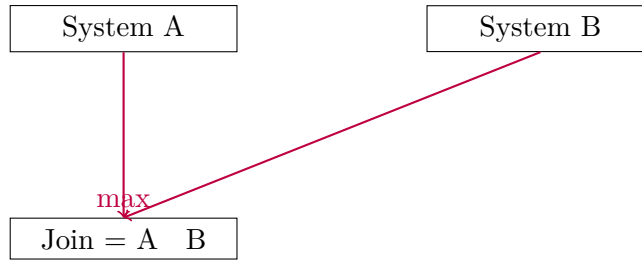

1 Meet, Join, and Tensor

1.1 1. Meet (Greatest Lower Bound)

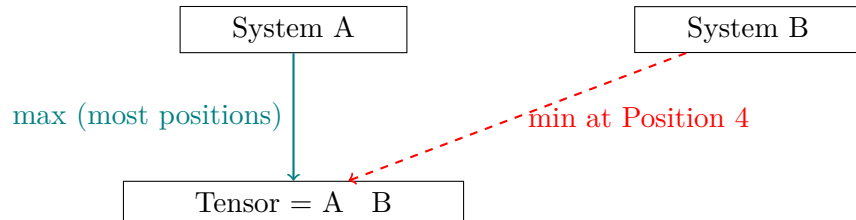

Takes the minimum in each position.

1.2 2. Join (Least Upper Bound)

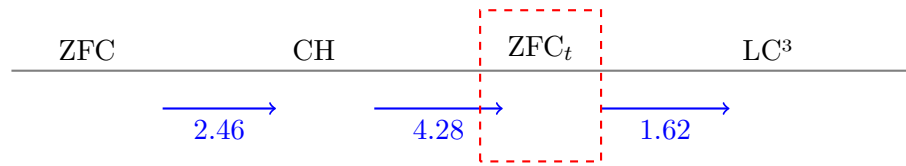

1.3 3. Tensor (Composition with Bottleneck)

Critical Bottleneck: Position 4 (is non-synthesizable)

2 The Rachis Path

Position 4 Bottleneck
Rachis Total Distance: 8.35

3 Tier Distribution
